

KIDS DAKAR

FOR LITTLE MERIDA ENTHUSIASTS!

Big fun for little riders: Our models for children and juveniles allow fully-fledged cycling right from the start – MERIDA takes beginner bikes as serious as high-end machines for grownups!

All versions inspire with age-appropriate geometry and configuration: The DAKAR 620 GIRL/BOY and 624 GIRL/BOY – with super-solid aluminium frames designed to survive the most intense adventures without deformation. Add to this reasonable pricing, saving on the parental budget when budding bikers have outgrown their two-wheeled vehicles once again!

When children get into the MERIDA saddle – fun, quality and responsibility will accompany them from day one!

MERIDA
